IHSA'S HELP THE HELPERS PROFESSIONAL DEVELOPMENT & TRAINING ACADEMY

INDIANA

ASSOCIATION

The Indiana Head Start Association is ready, willing, and able to answer the call to help the helpers! We are excited to kick-off our brand-new Professional Development and Training initiative for our front-line staff. The Help the Helpers Academy from the Indiana Head Start Association will offer one-day (and sometimes two-day) professional development training opportunities each month of 2021! The Help the Helpers Professional Development Academy is designed for our Family Services Staff, Home Visiting Staff, Teaching Staff, and other essential staff who work directly with the families our programs serve to provide expertise & important insight and tools to help them address families in crisis, set family goals and improve our individual child, parent, and family outcomes.
