met

163

Children have been
enrolled for 2 or more
years.

86% of children are up to date on age appropriate immunizations.

DID YOU KNOW

Head Start provides services in education, health, parent involvement, and social services for the entire family.

Children are assessed at least three times each school year. The results from the assessments are collected, analyzed, and aggregated. School Readiness goal data is based on children who will be transitioning to kindergarten in the fall of 2018 and provides an end of the school year assessment. Family and children demographics are a representation from all children currently enrolled in Head Start.

Head Start Military Families-

According the 2018 Office of Head Start Program Information Report (PIR)

The number of all Head Start families in which:	Nationwide	Indiana	Pace CAA
At least one parent/guardian is a <u>member of the US military on active duty</u>	6,129	85	5
At least one parent/ guardian is a <u>veteran of the US military</u>	10,079	314	13
Total # where at least one parent/ guardian is <u>currently in military or is a veteran</u>	16,208	399	18

****Military families are not automatically income eligible for Head Start.**

Health Connection, Family Planning & Certified Health Navigators

By the **NUMBERS** in 2017

55 presentations to **3044** individuals

370 University Students served

1435 female exams performed

149 male exams performed

28 medical referrals made

527 pregnancy tests performed; **86** positive

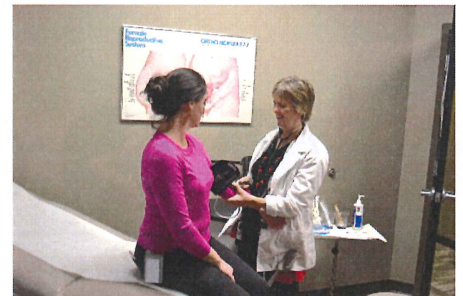

777 HIV tests

1055 Chlamydia/ Gonorrhea tests

320 individuals obtained assistance for health insurance through the help of a Certified Navigator

What sets family planning apart...

- We get to focus on education and counseling
- Many customers don't have health insurance
- Confidentiality- is important. Most of young people bring their parents with them
- We can be visible in the community by participating in health and education fairs

Solar Panel Grant:

SUN Program: A solar contractor has been assigned, and an accelerated schedule is in place to have solar panels installed on our roof by the end of the year. The grant was approved for \$ 79,401 from Solar Uniting Neighbors (SUN) program, a program of Prosperity Indiana administered on behalf of Duke Energy Indiana, Citizens Action Coalition, Save the Valley, Sierra Club, Valley Watch, the Indiana Office of Utility Consumer Counselor, the Duke Industrial Group, and Nucor Steel.

Environmental Benefits

CO2 Emission Saved
64,239.15 lb

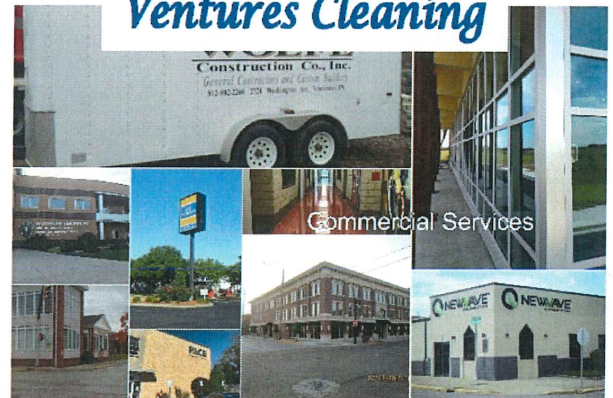

Equivalent Trees Planted
1,617.95

Social Enterprise

11 years ago we asked ourselves, "What is Pace doing to make our agency self-sufficient?" Based on this we created a for-profit C Corporation and have two main social enterprise businesses, a cleaning company and consulting company. Money from the companies can help supplement the non-profit programs and lessen the salary burden on grants.

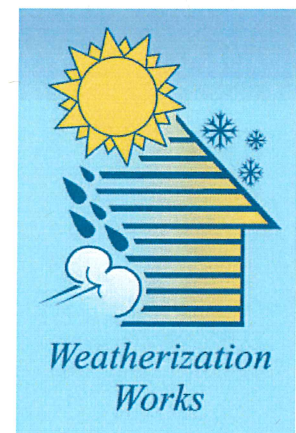

PACE
Ventures Cleaning

Energy Programs

Benefits of Weatherization:

- Make home more energy efficiency
- Decrease consumption of energy
- Reduce utility bills (benefit to the customer and utility company)
- Reduce carbon footprint
- Promote health and safety
- Employ local contractors

Asset Building

Small Business Revolving Loan Fund... expand an existing business or to help start a new business, residents/businesses of Knox, Daviess, Sullivan, and Greene Counties can apply for Small Business Loans. Funds may be available to provide working capital, fixed assets, and equipment.

Individual Development Accounts (IDA)... matched saving accounts that can be used for asset-building purchases. State matches \$4 for every \$1 an individual saves (up to a total of \$5,000).
